INTRODUCTION

Through urbanization has taken very rapid steps India still 80% of people live in the villagers with typical tradition character.

In spite of concurrent efforts, the fruits of planning year to reach this masses and lower strata of our society due to horizontal growth pattern and absence of vertical growth pattern through we are going complete five year plan period of our country.

After Independence a lot of gaps and rather social distance have been created between people and existing resources institution as a result the miseries of people reached the sky limits after even allocation a lot of funds. Thus the role of NGO has been realized, it has been also realized the social work today is more not a charity; it is a problem solving process which has definite methods and techniques to solve the problem.

Within these existing parameters, it is also felt that the problems differ from place to place and community to community. Every place and community must have some problems which are unique and special in nature. And at every stage problems the other agency cannot solve the problems unless people are sufficiently aware about their problems and try to solve their problems. The role of social organization or NGO will provide or try to arrange all kind of possible assistance to the people of target group concerned to combat with the problems. To make a self-sufficient the NGO shall always strive to play the role of a firm philosopher and guide. The NGO shall help them to identify their problems; to ensure greater people's participation in the programmed is to ensure proper implementation of the programs, to ensure evaluation and monitoring of the program.

With this concept and philosophy our society **SANDESHKHALI MAA-SARODA WOMEN AND RURAL WELFARE SOCIETY** has been working in the **BERMANJUR** since long past with utmost dedication.

Our strong commitment to minimize multi-dimensional problems that come in the way of rural development and at the same time we have ascertained progressive techniques to look at problems in the changing perspective of rural development and rural structure.

A LITTLE ABOUT OUR ACTIVITIES

We have been able to introduce following type to activities Social Welfare, creating action awareness action programs, training seminars and discussions physical culture etc.

SOCIAL WELFARE ACTIVITIES:

We have attempts to organize to woman member of the communities to make their participation in social Welfare Programmer. We have also organized a number of seminars symposium discussion session was to impart the people both men and women their active and positive votes in development and social welfare activities.

EYE CHECK-UP & SCREENING CAMP:

In every year we arrange Eye Screening camp. In this year 100 persons were check up their eye and 13 persons will screening their eye. As result some help of patient and we provide some medicine.

HELP TO POOR STUDENTS AND POOR PARENTS:

We are supporting the students some contribution of their education for purchasing books and other educational materials and return the book after ending the year. Thus we are opening a book bank.

PULSE POLIO PROGRAMME:

Pulse polio program me has carried out in full swing and all the children were administered the second dose. Full co-operation was received from the mother and local doctor as also the pendant official's. We organized meeting and distributed leaflets explaining and advantage of pulse polio and advised the people not to take the help to quack doctors and ojas.

HEALTH PROGRAMME:

The organization has been conducting a health programme "Small family norm and Population Control" by encouraging spacing Method and Sterilization prevent diseases. Promote health priority to mothers and children to segued the people against the categories and others infected diseases. This project is sponsored by the Family Welfare Board from Govt. of India medicines are supplied to the poor parents Free of cost from khaddar Health center which provides vitamin oil and other medicines.

NON FORMAL EDUCATION:

Economic poverty is the main back warding factor with the people in the project area which is located on enterprise and back ward portion of Habra block 24-pgs (n), WEST BENGAL. FOR THEIR EDUCATIONAL BACKWARDNESS IN TERMS OF HIGHER LEVEL OF ILLITERACY. This has in face, influenced the **SANDESHKHALI MAA-SARODA WOMEN AND RURAL WELFARE SOCIETY** to launch Non-formal education in the SWARUPNAGAR Block.

During this reporting year, a good number of students of non formal education center got admission in to the formal schools, after completing their studies. Some have already complete their vocational training through our organization.

WATER POLLUTION:

In the for water management, awareness generation is considered to be an essential part. Campaigning, lecture group discussion, camps work shop and distribution of leaflets and bulletins containing messages on environmental and pollution matter are some of the important media used for sensing the people in the filed of environment and population matters. As part of general awareness programme, the impact of which has become quite of encourage.

ENVIRONMENT AWARENESS PROGRAMME:

Environment and forest are the ingredients through which ecological balance in maintained and soil erosion is checked. Forest and natural resources are often viewed from the commercial view point. Environment concerns people for the sake of maintaining ecological balance. Human being are thus the manful elements can consciously make efforts towards the preservation of tree, animals ,and also forest in order to perfect environmental from ecological imbalances.

Programme on it under taken **SANDESHKHALI MAA-SARODA WOMEN AND RURAL WELFARE SOCIETY** was drive to fight the restoration of a balance between and nature and human need on 10th November at AshokNagar. The participants are taught about the environmental managed management programme with the knowledge of local ecology availability.

MOTHER AND CHILD HELTH CARE:

The health care action programme was undertaken by the society at Rupamari G.P Primary School Campus .About 100 women and children attended the camp. It was a identification camp with good educative value.More over , family planning camps for females organized by the society in close collaboration with the health Department of block level administration. All these activities, were run entirely on donation from individuals and organization.

NOTABLE DAYS:

EVERY YEAR WE OBSERVED THE NOTABLE DAYS THROUGH THE BENEFITING MANNER.Actually the remote villagers are not in touch on those occasions.Through celebration of India other hand nationality unity will be created for **SANDESHKHALI MAA-SARODA WOMEN AND RURAL WELFARE SOCIETY** has divideded to celebrate a few occasion as Rabindra Jayanti, Independence Day, Netaji's birth day,Republic Day Gandhi birth day and Children day are celebrated last year.
